## SCREEDFLO THE MOBILE FLOOR SCREED FACTORY

## OUR COMPETITION READY MIX CONCRETE COMPANIES

### Deliveries

10 m<sup>3</sup> of Screedflo per truck.  
1 truck will produce enough Screedflo to lay 250m<sup>2</sup> at 40mm thick.  
Accurate delivery tickets available providing instant feedback on volume used.  
We usually carry 10% more material than you have ordered in case of any level problems that have not been foreseen.

5m<sup>3</sup> of material per truck.  
1 truck will deliver enough material to lay 125m<sup>2</sup> at 40mm thick.  
2-3 vehicles required to supply 12m<sup>3</sup>, higher risk of supply problems.  
If supplier does not dedicate enough lorries, standing time is incurred waiting for lorries on turnaround trips.

### Worm Pump

Screedflo truck has a mounted worm pump capable of pumping 8m<sup>3</sup> per hour to a distance of 150m and is supplied with hoses.

Pump and hoses need to be hired by customer at additional cost.

### Truck Driver

Dedicated truck driver who is fully trained on how to pump Screedflo.  
Truck driver will operate worm pump cutting down expensive labour costs.

Truck drivers only paid to deliver the material. No pump or hoses supplied.

### Waste Material

Minimal waste as Screedflo can stop mixing at any time if there are problems on site.

Once material is delivered to site it must be used within 1-2 hours or returned to the plant at considerable cost.

### Mixing Material

Screedflo mixed on site in mobile batching plant. 1m<sup>3</sup> of Screedflo mixed and pumped every 7 minutes ensuring fresh Screedflo every time. Mixing can be stopped at any time if there are problems on site and then restarted at the push of a button.  
No charges for return loads as we only mix the material on site as it is required.

Material mixed away from site at batching plant. Batching plant can sometimes be a long distance from the construction site.  
Once material is delivered it needs to be used within 1-2 hours or must be returned as a return load.  
Charges levied on returned loads.

### Invoicing

1 invoice produced for Screedflo material, worm pump and pump operator, cutting down on expensive administration costs. Screedflo invoiced to the nearest tenth of a cubic metre.

Material invoiced to the nearest 1m<sup>3</sup>.
